

Studio Collection

A select range of appliances

 **Hotpoint**

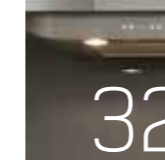

OUR IDEAS. YOUR HOME.

Sophisticated technology.
Intelligent features. Stylish
design. All this and more
in our Studio Collection.

Our ideas. Your home.

Inspired by you, we've developed an exclusive collection of appliances utilising the best technology to provide intelligent features all wrapped up in a stunning design. Intelligent Cooking programmes and self-cleaning Pyrolytic options on our ovens, Double Face Elliptical burners on our gas hobs, SuperSilent hoods and dishwashers, Eco Cycles on our integrated laundry products all complete this sophisticated range. There's even perfect storage for your wine with the integrated 24 bottle wine cellar.

Experience Range

Hotpoint's fingerprint resistant Experience Steel range is as beautiful as it is sophisticated. We've combined stylish looks with powerful performance. Blended the latest technology with bold innovative design. Then applied this to every detail across the full range of appliances.

NewStyle Range

A focus on smooth curves and meticulous detailing. This new cooking range aesthetic will complement any kitchen style with its sense of strength and exceptional finish.

Available across ovens and hobs with a matching hood, NewStyle will make a real design statement in your home.

Ovens

Openspace
Experience & NewStyle
Single
Built-In Double
Built-Under Double

The oven is at the heart of your kitchen so it needs to look outstanding and perform well too. Hotpoint's Studio Collection features a selection of single and double ovens featuring the very latest in technology, all set-off with our stylish Experience and NewStyle designs.

OPENSOURCE

Openspace is Hotpoint's revolutionary new oven that gives 20% more space than a standard single oven within the same dimension, providing 70 litres of cooking capacity. But the brilliance doesn't end there. Convert this extra large space into a double oven by simply inserting the insulating divider to create two separate cooking zones; both with independent time and temperature controls.

OPENSOURCE

Single/Double
Ovens

OS897DPIX

13 Cooking Programmes:

Small Space: Fast Cooking, Grill

Main Space: Circulaire Fan

Double Space: Main and Small Space features combined.

Extra Large Space

- Lights in Both Ovens
- Air Flow Cooling Fan and Internal Chimney Venting
- Triple Glazed Door
- Easy Clean Inner Door Glass

Electric Multifunction Built-In Oven

Finish: Stainless Steel (X)

Hobs

Gas Hobs

Electric Hobs

Built-in hobs not only provide a multitude of cooking options, from stir-frying to poaching, their ultra-modern styling adds a sophisticated finishing touch to your kitchen.

Induction Hobs

Energy efficient, clean, safe and controllable. Induction cooking uses a magnetic field to generate heat instantly, which is only activated by the presence of a pan. Only the cooking zone becomes warm, leaving the rest of the hob much cooler than on an ordinary ceramic hob.

EXPERIENCE

Gas Hobs

Please see pages 56-65 in the main Built-In brochure for the full range of Hobs.

4 burner sizes for cooking flexibility.

GQ751TS

- 5 Gas Burners:
 - 1 Mini Wok, 1 Rapid
 - 2 Semi Rapid, 1 Standard
- Cast Iron Pan Supports

75cm Gas on Glass Hob

Finish: Ice (I)

NEWSTYLE

Gas Hob

Please see pages 56-65 in the main Built-In brochure for the full range of Gas Hobs.

Double face burners, use together for fish kettles or big pans.

GF761RF

5 Gas Burners:
1 Double Ring, 1 Rapid, 1 Standard, 2 Double Face
Cast Iron Pan Supports

1 x 2.2kW (Oval with Booster up to 3kW)
Child Lock
4 Individual Timers - 1 for each Cooking Zone

70cm Touch Control Induction Hob

Finish: Bevelled (B)

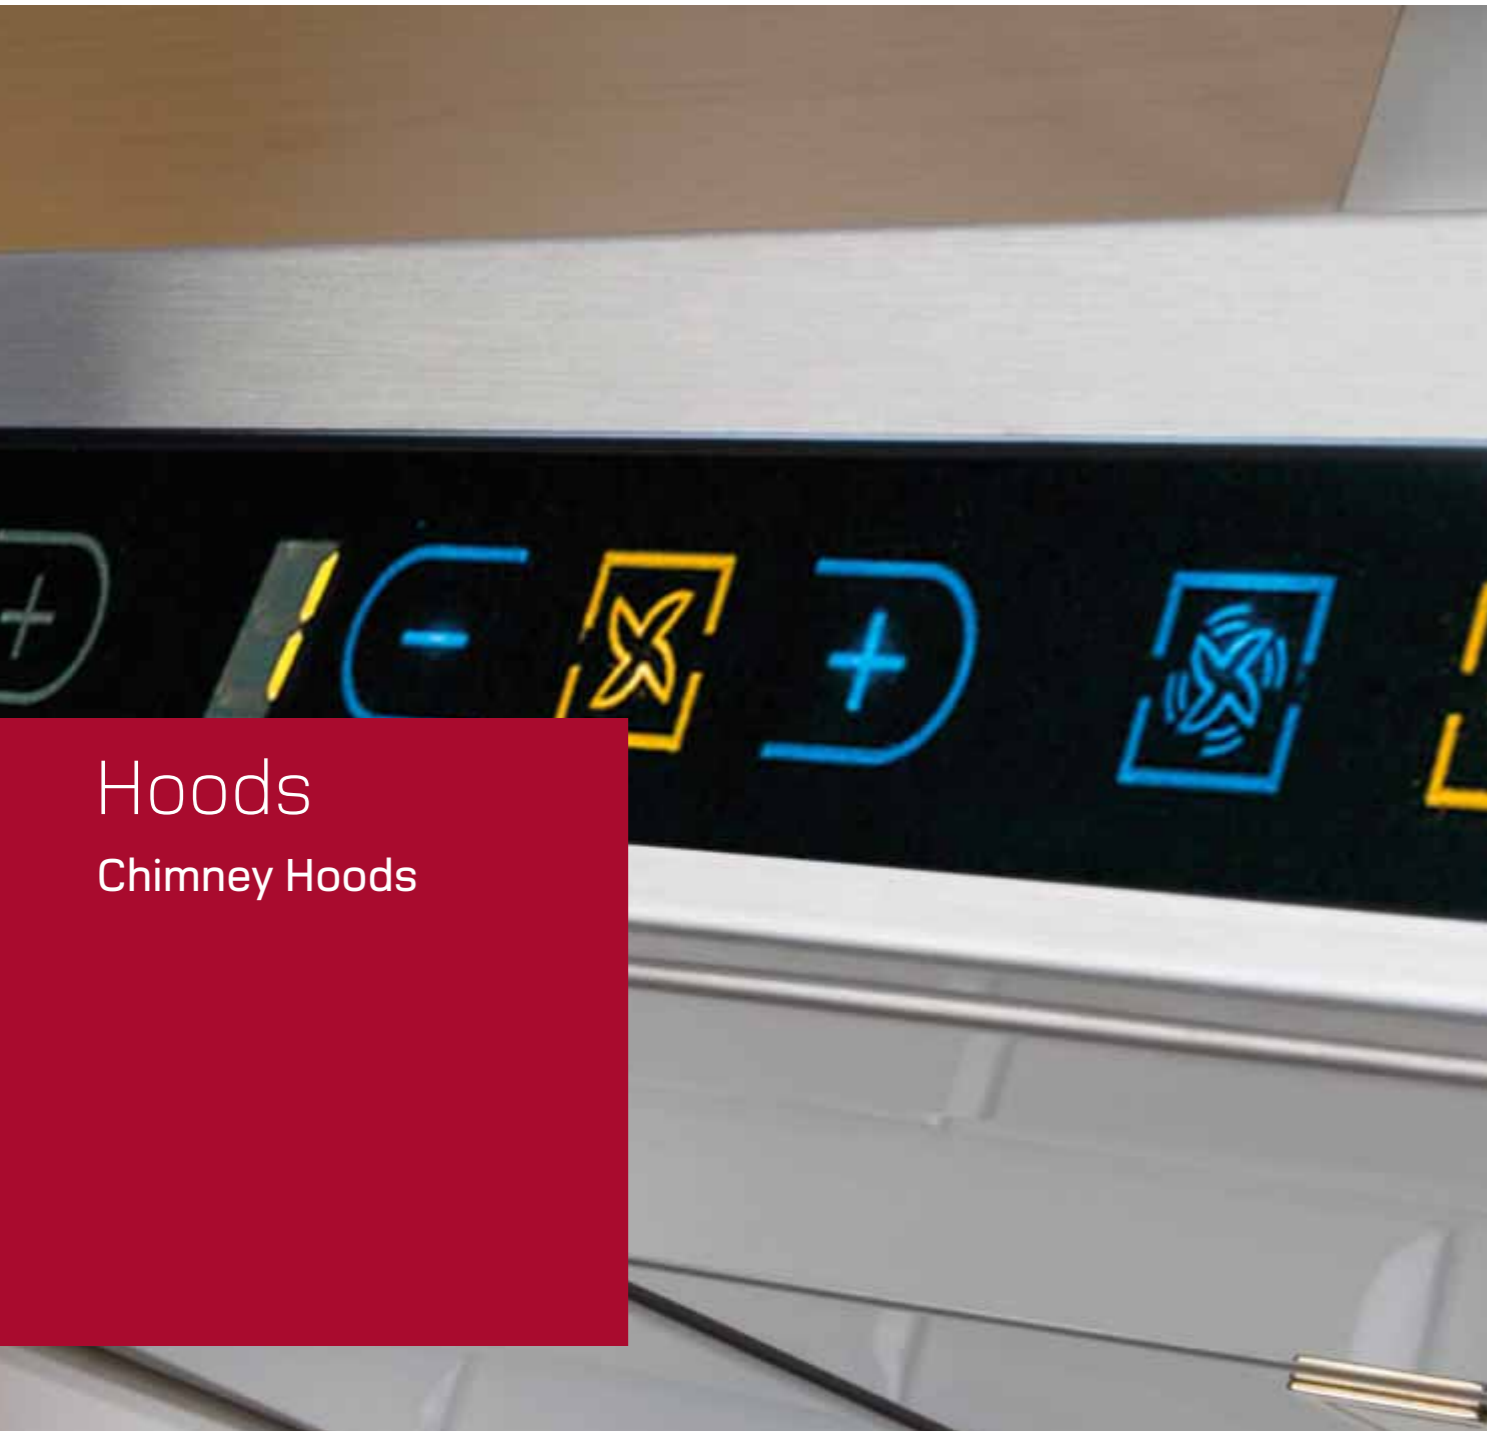

CIO644DD

4 Cooking Zones:
2 x 1.4kW Zones (with Booster up to 2kW)
2 x 2.2kW Zones (with Booster up to 3kW)
Child Lock
4 Individual Timers - 1 for each Cooking Zone

60cm Touch Control Induction Hob

Finish: Experience Profile (Z)

Hoods
Chimney Hoods

A cooker hood is a main feature of your kitchen as well as being functional. Our Studio Collection demonstrates 3 of the very best designs, to dramatically set off your chosen kitchen style.

Quietest Cooker Hood

The HTS93GX has an impressive maximum extraction rate of 900m³ but with a minimum noise level of only 35dB(A). Fitted with a specially designed and patented deflector which improves the air circulation, the perceived noise is brought down to nearly inaudible levels. To put another way, a normal conversation is around 60dB(A), and a quiet whisper from 3 feet away is around 30dB(A).

Hoods

Please see pages 74-81 in the main Built-In brochure for the full range of 90cm, 70cm and 60cm hoods..

 Touch Control hoods for added sophistication.

HTS93G

- Super Silent – 35dB(A)
- Touch Control
- Booster
- 2 x 20 Watt Halogen Lights
- Self Supporting Dishwasher Safe Filters
- Carbon Filters Included

-  Touch control

Dishwashing

Perfect for those who need a dishwasher but don't want to spoil the seamless lines of the kitchen. Our fully integrated dishwasher offers all the innovative features you need but you get to choose a door panel to fit with your new kitchen design.

Flexipower

Our Flexipower motor drives our Intelligent Sensor System which assesses and modifies the temperature, duration, water pressure and number of rinses to ensure perfect cleaning results.

Goodnight

This option quietens everything down even further – perfect for running in the evening or overnight.

Dual Space Upper Baskets

Adjust the height of the top basket in one quick movement, even when it is fully loaded, to give even more space in the lower basket.

Dishwashing

Please see pages 88-90 in the main Built-In brochure for the full range of Dishwashers.

Baby Cycle – An intensive wash cycle designed to cleanse and remove harmful bacteria.

LFT321HX

12 Place Settings
11 Programmes
6 Temperatures
Electronic Water Softener Control
Natural Drying
Wash Programmes include:
Eco, Rapid 25, Goodnight, Shorttime, Half Load
Dual Space Upper Baskets
Fully Collapsible Lower Baskets
Digital Display
3, 6, 9hr Delay Timer
Waterstop Protection
Overflow Protection
Self Balancing Door
Extra-Silent - just 43dB(A)

Fully Integrated Flexipower Dishwasher

Finish: Cabinetry Door Required
Experience Fingerprint Resistant Stainless Steel Panel available **XDZH** with matching Experience handle.

Laundry
Washing Machine
Washer Dryer

The Hotpoint Studio Collection washing machines are designed to fit behind a cabinet door to create a seamless look in your kitchen whilst still offering best in class performance and state of the art features such as our Ready to Wear Cycle which will wash and dry a small load in just 60 minutes.

Eco

Hotpoint and Ariel have worked in partnership to develop a selection of energy saving Eco Cycles. Our 3 unique Eco Cycles include: Cottons, Synthetics and a Fast Wash. Choosing the Eco Cycles will help you to save around 50% to 70%* of the energy used.

*Energy savings are up to 50% for the Eco Cotton cycle, up to 68% for Eco Synthetic cycle and up to 70% for Eco Fast Wash cycle (all compared to an equivalent 30°C cycle).

Laundry

Please see pages 96-97 in the main Built-In brochure for the full range of Laundry.

Woolmark* Platinum Care – for the perfect Wool wash cycle.

BHWM149

Spin Speed: 1400rpm
Number of Wash Programmes: 16
Wash Programmes include:
Shirts, Lingerie, Baby Cycle, Delicates

3 Level Set and Forget Sensor Drying
Variable Spin & Temperature
Unbalanced Load Detection System
LED Programme Progress Indicators

Built-In Washer Dryer

Available Summer 2010

*In the UK and Eire the Woolmark is a Certification Trade Mark.

Wine Cellar

For true wine lovers, the Hotpoint Wine Cellar is the perfect solution for good wine storage. Temperature is the greatest concern when storing wine and the Hotpoint Wine Cellar ensures perfect storage and serving conditions every time.

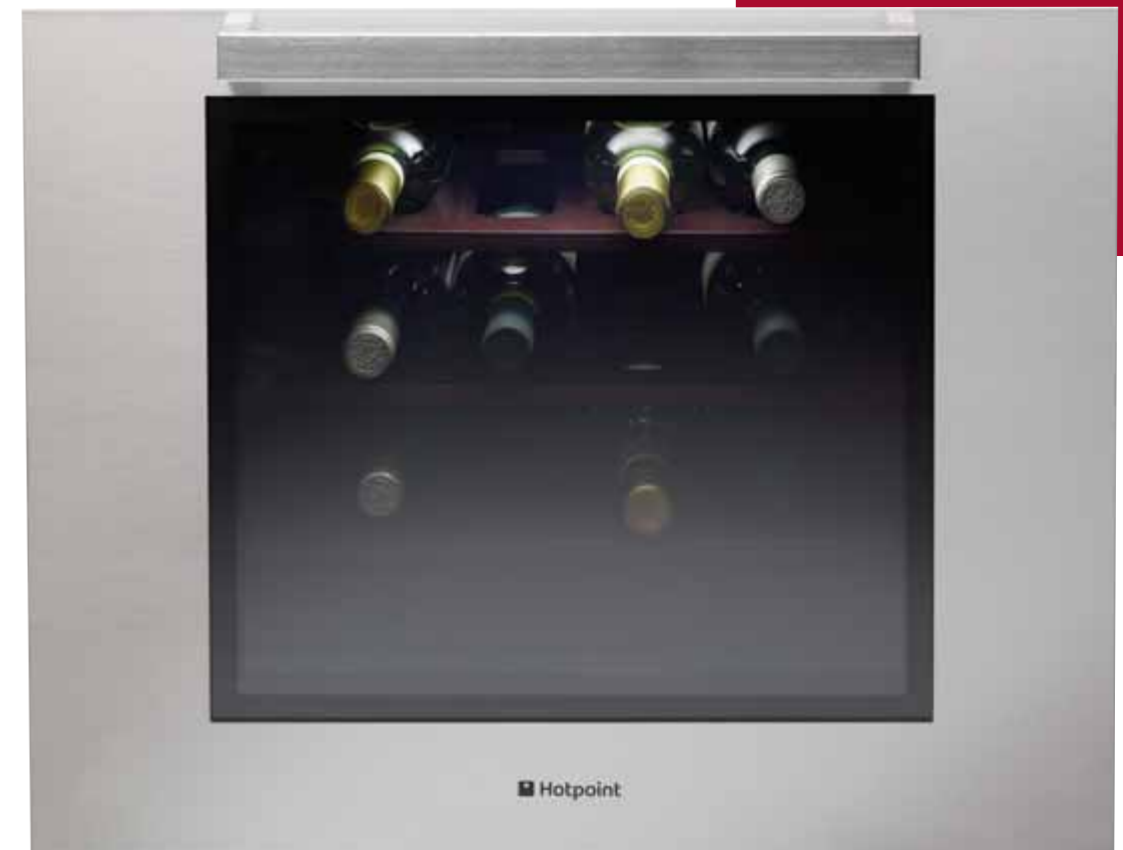

Ideal Temperatures

A lot of the enjoyment of wine comes from the aroma, and you only get the right aroma if the wine is served at the correct drinking temperature. With the adjustable thermostat in the wine cellar you can make sure the wine is at the ideal temperature for serving, so for most white wines it will be around 7°C, for light-bodied reds and dessert wines it will be around 10°C and for more robust red wines it will be around 15-17°C.

Wine Cellar

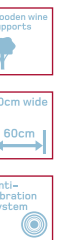

Please see pages 104-117 in the main Built-In brochure for the full range of Refrigeration.

Built-In or Built-Under – install your wine cellar to suit your kitchen design.

WE24

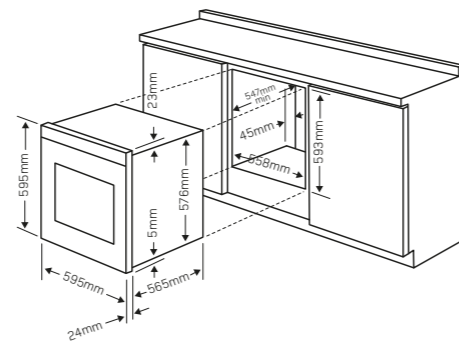

- Stores up to 24 Bottles
- Electronic Thermostat
- Temperature Regulation from +4°C to +20°C
- Internal Temperature and Working Indicator Display
- Internal Fan to Maintain Constant Air Temperature
- Anti-Condensation System
- Can be Built-In or Built-Under
- Tinted Glass and Black Interior to Reduce Light Transmission/Reflection Preserving the Wine for Longer

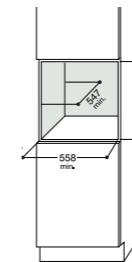

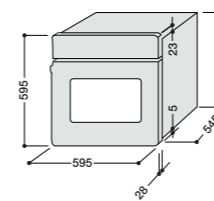

Wine Cellar

Finish: Stainless Steel (X) - Fingerprint Resistant

Intelligent Solutions

Eco Tech

To keep up with our fast-changing world, Hotpoint aim to develop advanced technological solutions every year. These not only comply with strict environmental legislation but also make our products even more eco-friendly.

Hotpoint have developed an Eco Tech icon which we only award to our appliances that deliver the very best energy rating or have specific Eco features that will help save energy at home, such as:

- Eco Cycles on our washing machines
- Flexipower intelligent sensor system on our dishwashers giving optimum performance and low energy usage
- Openspace ovens, that heat up a huge 70 litre capacity using the same energy as a standard 56 litre oven

For additional Eco Tech models please refer to our main built-in brochure where you will find Energy Saving Trust recommended refrigeration appliances too.

Coffee Machine

Bring café culture to your home with the Hotpoint Coffee Maker which dispenses the perfect cappuccino, latte or espresso at the touch of a button.

Steam Oven

The fast, healthy and convenient way of cooking that seals valuable vitamins and minerals into your food.

Fridge Drawers

Hotpoint's award winning fridge drawers are styled to match latest kitchen designs with wide deep drawers and give easier access to contents.

Microwaves

Combination microwaves provide all the features of a standard oven - grill and fan cooking - but take a fraction of the time.

Experience More

The Studio Collection is just a taste of the extensive built-in appliance range that Hotpoint offer. Please ask your local kitchen studio for a copy of the Hotpoint Built-In Appliance Collection brochure for further details. To whet your appetite here are some of our other built-in appliances that will add true style to your chosen kitchen.
